

As a parent, I am appalled that less censorship is even being contemplated. Our society is more and more corrupt due to more exposure on TV and radio. Our children can not play outside due to drive by shootings, kidnappings and now, they can't be inside either to watch TV. If they do, they will be subject to sexual content that is not conducive to children!!

Our leaders, President and c-level holders, should be ashamed of themselves for even presenting this offer to the American people. The people who are in favor, are the ones that will end up being the kidnappers, rapist and sexual deviants that you will be creating!
